

EGE BALLI

Sound Desinger

ABOUT ME

I'm a game audio designer with a multidisciplinary background in sound design, 3D assets, and interactive media. I specialize in creating immersive audio experiences and integrating them into game engines like Unity. With a passion for storytelling and detail-driven design, I aim to enhance gameplay through impactful sound and creative collaboration.

LANGUAGE

- Native Turkish.
- Advanced English.

EXPERIENCE

SHOPISTANBUL

ISTANBUL-TURKEY

2022-NOW

I manage end-to-end e-commerce operations, including product management, campaign design, and sales strategies on platforms like Hepsiburada and Trendyol. I'm also responsible for website management and all digital marketing processes

PBE MEDIA

ISTANBUL-TURKEY

2021-2022

With a background in both marketing and sound direction, I design and manage digital campaigns while leading the creative audio process ensuring consistency, impact, and emotional resonance in every project.
